

The First Presentation of Foundation-Assisted Research Findings Overseas

Institute Technology Bandung, Indonesia:

Date: December 15, 1993

Place: President Hotel, Jakarta

Theme: "Scope of Chemical Engineering, Focusing on Research Grants

from the Asahi Glass Foundation"

The Institute Technology Bandung held its inaugural seminar to publicize the results of Foundation-assisted research. Professor Jajah Koswara, vice councillor for the Indonesian Ministry of Education and Culture, made the opening remarks to some 100 university and corporate researchers and technicians in attendance. The research lecture titles and researchers are listed below.

- (1) Dr. Sudarno Harjosuparto, Professor, Faculty of Chemical Engineering
Slow-Release Urea Fertilizer
- (2) Dr. Andrianto Hondoyo
Temperature Influence on Transmissions along Bent Optical Fiber
- (3) Dr. Elin Yulinah Sukandar
The Evaluation of Antibacterial and Antifungal Activities of Dihydrotectochrysin and the Volatile Oil Isolated from Kaempferia Pandurate Roxb Rhizomes Using Agar Diffusion and Cross-Streak Method
- (4) Dr. Veronica S. Proptowidodo
Studies on Ion Transport through Charged Cellulosic Membranes
