

The Second Presentation of Foundation-Assisted Research Findings Overseas

Chulalongkorn University, Thailand:

Date: January 14, 1994

Place: Conference Room, The Main Auditorium Chulalongkorn University

Theme: "Environmental Protection Technology"

Chulalongkorn University held its second seminar to publicize the results of Foundation-assisted research. Suthep Atthakor, the Thai Minister of University Affairs, made the opening remarks of the seminar, which was attended by approximately 60 scientists. The research lecture titles and researchers are listed below.

- (1) Dr. Thongchai Panswad, Professor, Department of Environmental Engineering
Water Pollution in Thailand: Present Situation, Remedial Measures and Future Trends
- (2) Dr. Tatchai Sumitra, Associate Professor, Dean of Faculty of Engineering
Determination of Total Fluorine in the Atmosphere via Cyclic Fast Neutron Activation Techniques
- (3) Dr. Wiwut Tanthapanichakoon, Professor of Engineering
Hydrodesulfurization of Thiophene Using Zeolite-Type Catalysts
- (4) Dr. Suda Kiatkamjornwong
Development of Water-Adsorbent Polymer from Tapioca Flour
- (5) Dr. Sasithorn Boon-Long and Dr. Jirdsak Tscheikuna
Effect of Nitrogen Compounds on Hydrogenation of Thiophene
- (6) Dr. Sucharit Koontanakulwong and Dr. Sutat Weesakul
Mathematical Model of Waves and Currents Around a River Estuary
